Aston Series

Designed by Hnas Panton

Its lines are smooth, elegant and simple, and the design is the impression of a one-piece overall beauty, without the sense of patchwork of industrial products of the last century.

Hidden mechanical structure and convenient control handle, similar to the "Tesla" design, slender and high chair legs and hollow design seat, more neat and refined details for the use of space.

The clever combination of different materials is very smooth and harmonious, without redundant encumbrances.

It highly fits the current household appliances, new energy vehicles and other advanced industrial products minimalist, meticulous, integrated molding design characteristics.

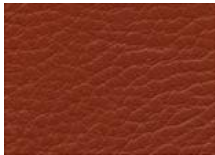

Color options

Leather 3A soft cowhide leather with a very natural appearance. Available in 14 colors.
