Flowing and elegant lines seem to have their own magic. There is no need for established rules, and the beauty has become a school of its own. In the undulation and crisscross of the lines of the chair back and armrest, there are only a few strokes, which do not need to be deliberate. The amazing sense of sculpture comes unexpectedly.

流动飘逸的线条仿佛自带魔力，不需既定规则美感已自成一派。在椅背与扶手线条的起伏交错中，寥寥几笔，无须刻意，惊为天人的雕塑感不期而至。FU-X，是工程学的杰作，也英堪称时尚美学的天花板。

SIMPLE AND PURE

■ I SIT I ENJOY

Since looking up at the sky, mankind has longed to fly!

It was not until the emergence of airplanes that human beings truly realized their desire to fly.

ROAM FREELY

■ Fashion warmth

Its simplicity, purity, calmness and elegance are like ripples slowly opening, stirring a glimmer of expectation for the monotonous office life.

■ Minimalism Rhyme

The lines are smooth and elegant, and the colors are harmonious and bright. Abandon the sense of patchwork of traditional industrial products and give people an integrated natural rhythm.

- Give the space a neat and exquisite detail, with the same high quality on the outside and inside, and each angle makes people fall in love at first sight.
